"Sayo,"
right?

I don't

think we've formally met before.

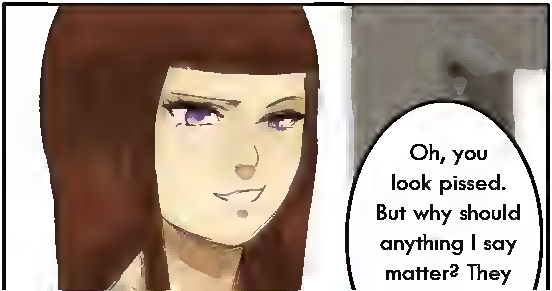
did that inside.
I'm leaving the
agency for good,
are you satisfied?

You already knew this was going to happen from the moment you spread those photos... Why did you do it?

Hmph. I don't hove to explain onything to you.

Besides, your jerk brother

and that stupid girl deserved it.

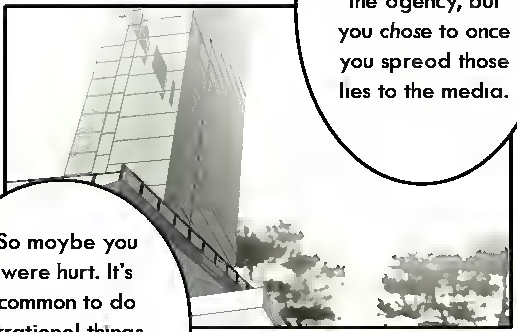


won already, right?

STOPS
FLINCH!

You're all bark and na bite. You aren't a threat to anyone and you never have been.

You didn't

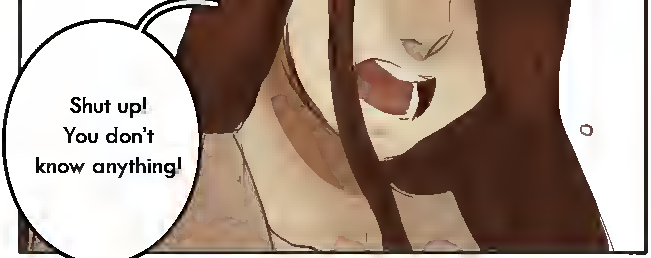


have to lose your position at the agency, but you chose to once you spread those lies to the media.
So maybe you were hurt. It's common to do irrational things when you are... But was it really worth it?
You liked

London... but you were angry with the fact he didn't reciprocate your feelings.

Since he rejected you, you felt it invalidated your self-worth.

So you gave up everything in spite of *yourself*.



Shut up!
You don't
know anything!

I pity you,
Saya. I really

do.

You may be hurting right now, but projecting your hurt onto others won't do you any good.

I pray you find happiness

elsewhere.

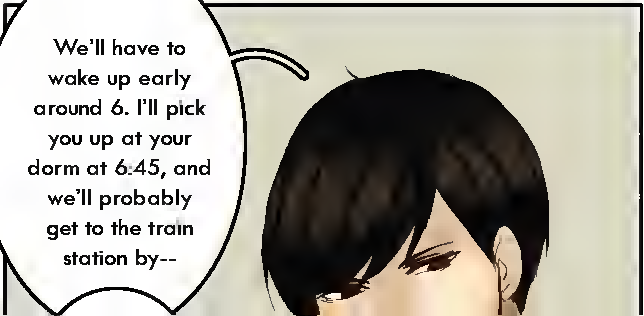
clench

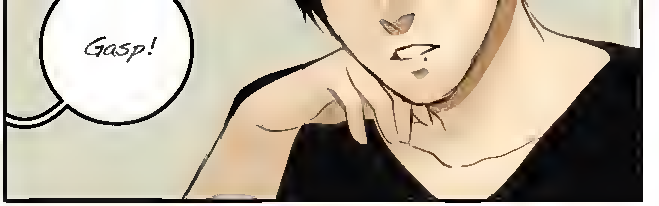
sob

sob

If we want to get back to the campus on time tomorrow, we'll have to plan accordingly.

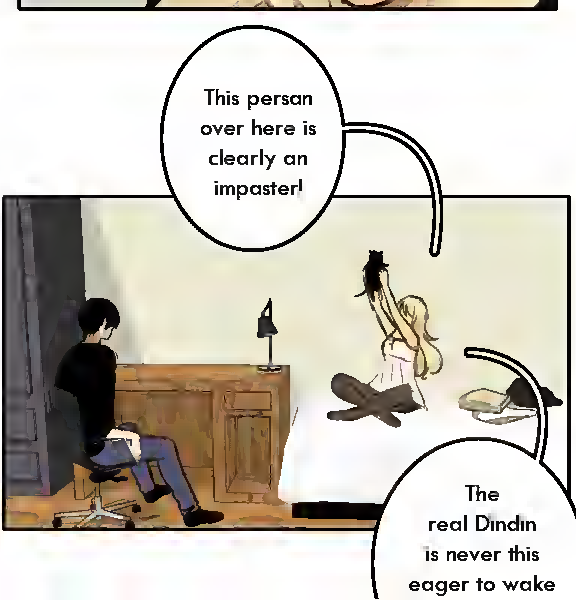
We'll have to wake up early around 6. I'll pick you up at your dorm at 6:45, and we'll probably get to the train station by--





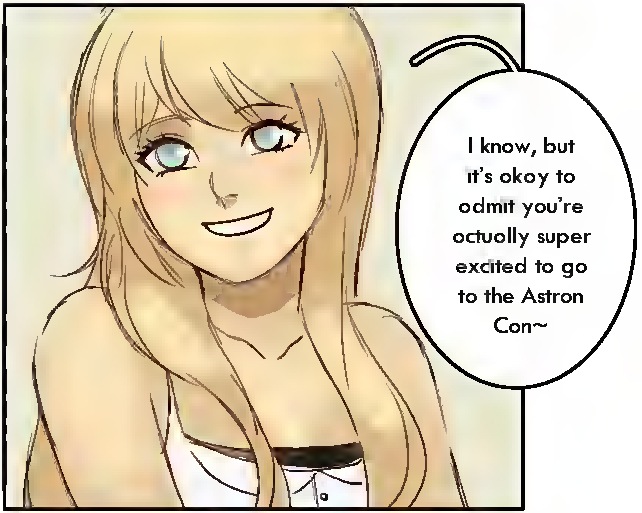
Gasp!

Ran-chan, have you seen Dindin anywhere?

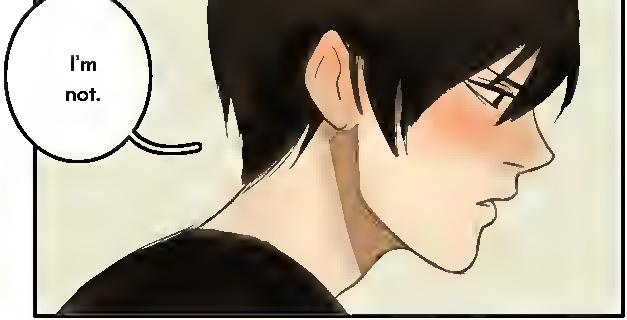


This persan over here is clearly an impaster!
The real Dindin is never this eager to wake

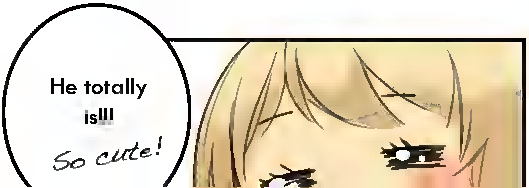
up so early! Right?



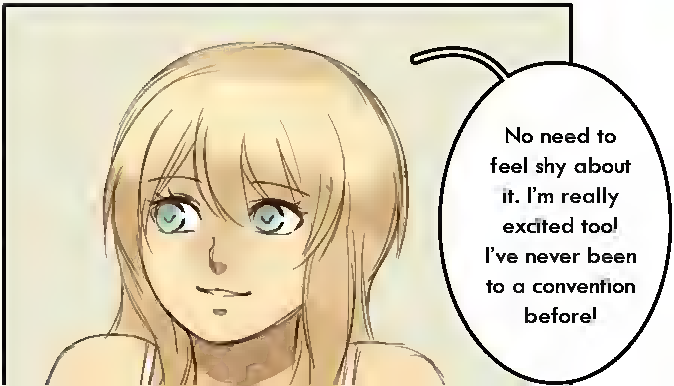
I know, but it's okoy to odmit you're octuolly super excited to go to the Astron Con~



I'm
not.

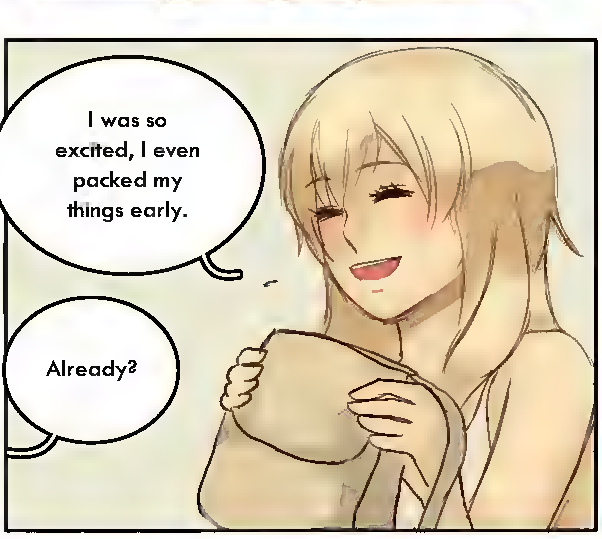


He totally
is!!!
So cute!



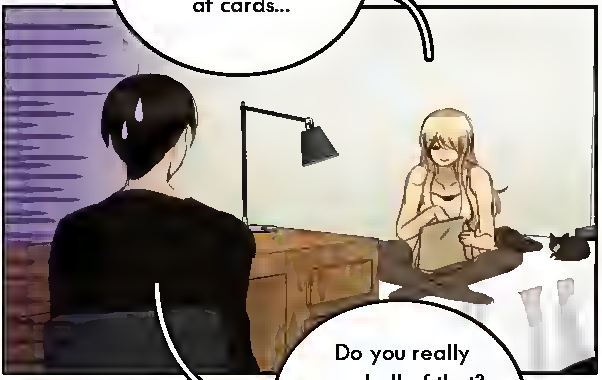
No need to feel shy about it. I'm really excited too! I've never been to a convention before!

It'll be my first time as well.



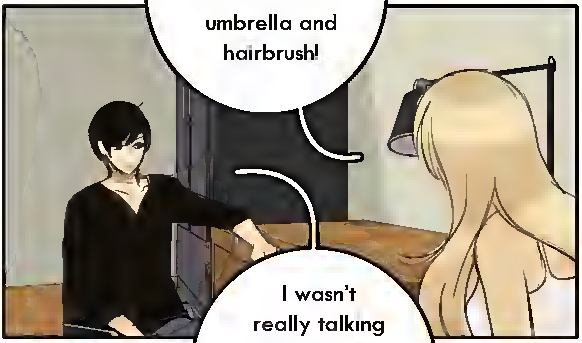
I was so excited, I even packed my things early.
Already?

Yeah, I have my wallet... my inhaler, hand sanitizer, lotion, a hair brush, an umbrella...
Wow. You really are prepared.

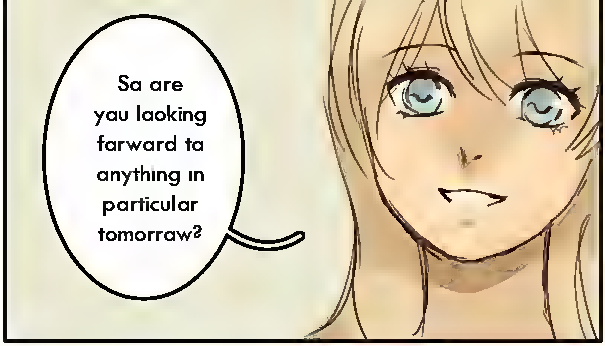


Chili powder, a flashlight, a deck af cards...
Do you really need all of that? We're just going aut far several hours.

I feel like a few of those things are unnecessory.
Get rid of some stuff to make your bag lighter.
Ah.. You're right. I probably



dan't need the umbrella and hairbrush!
I wasn't really talking about those items, but sure. Whatever makes you happy.



So are yau looking farward ta anything in particular tomorraw?

Well, they're releasing a new

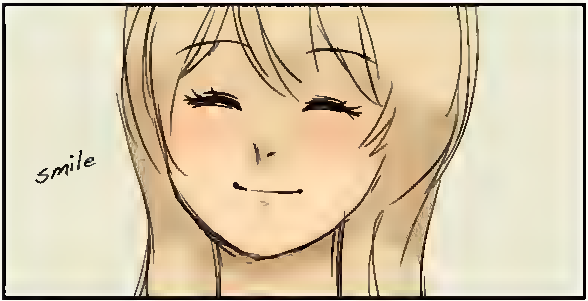
telescope model.

It'll only be sold for a limited time, so thot's my moin objective of going.

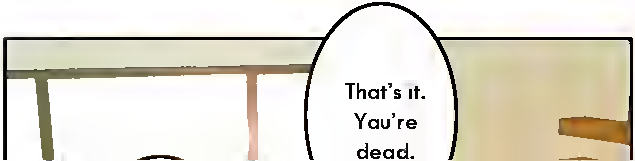
And moybe it'll also be nice to sit in during o ponel.

I looked online and they hove good guest speokers this yeor

that I'll share some theories...

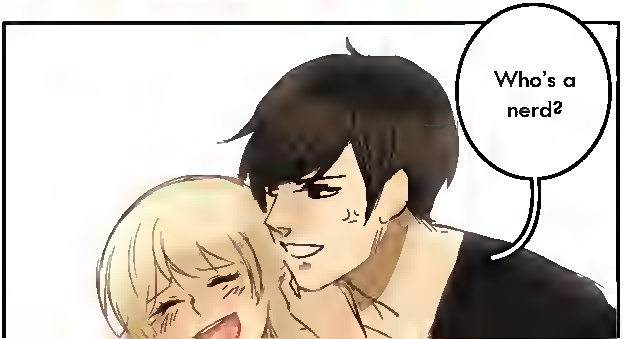


Nerd.
...



That's it.
You're
dead.

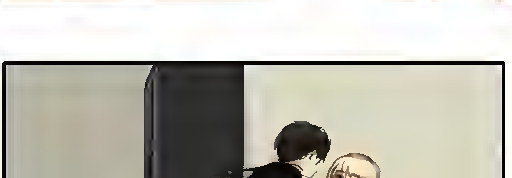
EEK!
WAIT--
NO!



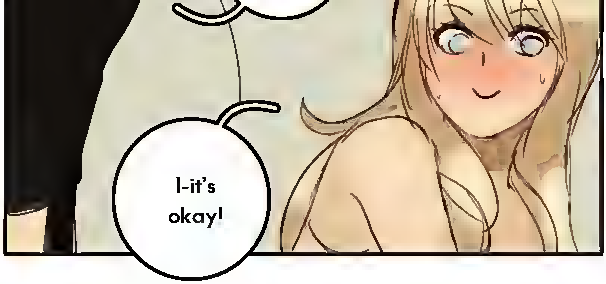
Who's a
nerd?

AHAHA! I TAKE IT BACK! N-NO TICKLING!
Say it again, I dare you!

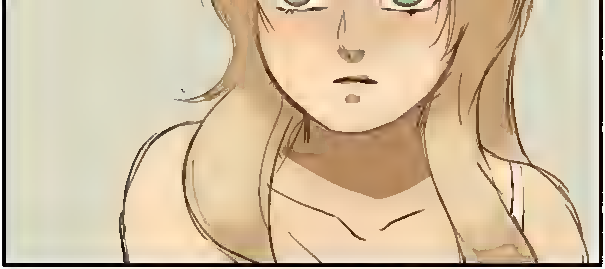
Ah--



...
Sorry.



I-it's
okay!

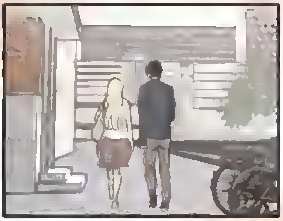


As much as
I wanted to
believe things
hadn't changed
after the whole
incident...

There was an undeniable difference in Dindin.

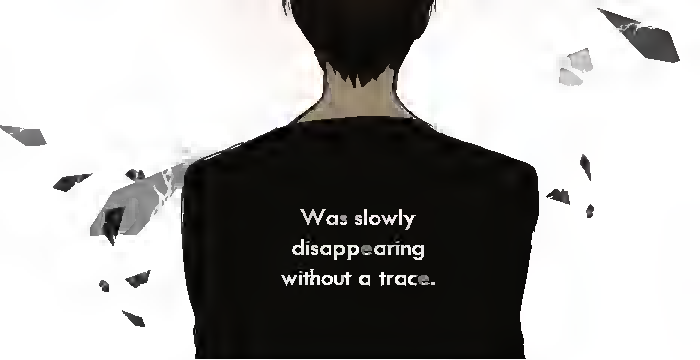
I felt that somehow he was more distant...

Neither had he kissed me since that day we went to the agency.



It seemed
the confident and
assertive Landon
I once knew...

Could
you want to
hang out
with me..
Teasing..



Was slowly
disappearing
without a trace.
